INTERIOR DESIGN BY ETHAN ALLEN

WHERE THE SKILL OF AN EXCEPTIONAL INTERIOR DESIGNER
MEETS THE CUSTOM CAPABILITIES OF ONE OF THE WORLD'S
MOST TRUSTED FURNITURE MAKERS.

There's no catch—Ethan Allen's interior designers come up with ideas for spaces, help clients place custom furniture orders, and make delivery day a dream come true. **From start to finish, this professional service is complimentary.**

It's for clients who are redoing existing spaces, making fresh starts, designing second homes, or investing in property. Our designers can start with a floor plan, a photo, or a visit to your home—whatever works for you.

Your Ethan Allen designer will help you select fabrics, leathers, and finishes; create custom window treatments, bedding, and more; and manage your project from idea to delivery day. One of the biggest wow moments will be the 3D walk-through they create of your new space.

Some clients know exactly what they want; others say "just make it fabulous." Either way, you'll be amazed by what your home can become in the hands of an Ethan Allen designer.

MODERN HOLIDAY

classic perspective

Set the scene for watching the latest holiday movie—while enjoying gingerbread cookies made using Grandma’s recipe—with a hand-tailored Spencer sectional, plus cozy details like our handcrafted Auria mohair rug.

COZY FARMHOUSE

Angular motifs like our Clermont bed and the pattern on our Linen Windowpane bedding set a modern tone, which harmonizes with textures like grainy oak and crisp linen.

MAPLE & SNOW

In a cool, satiny Rye finish, our maple Piermont dining table and Benham side chairs boast a European farmhouse sensibility.

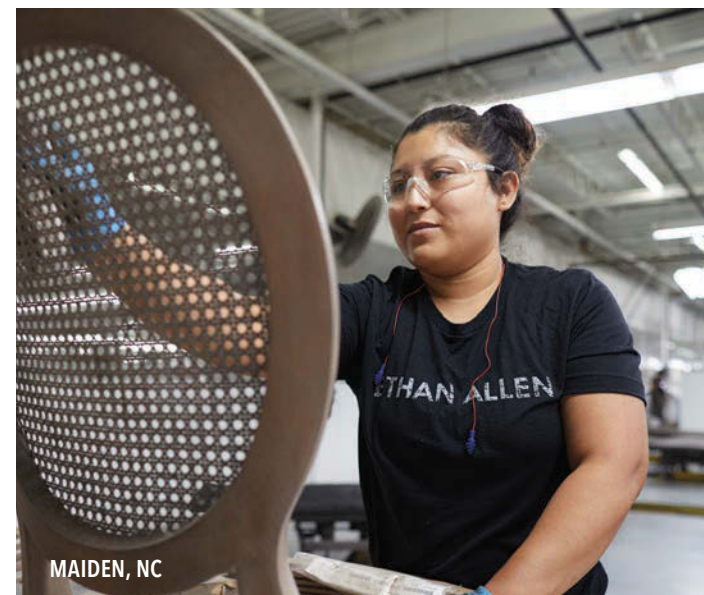

FEATURED FAVORITE

Modular media centers like Callum offer you the ability to customize your storage and display however you like. Work with a designer to configure the solution that works for your style and space.

BUILT BY HAND, JUST FOR YOU

OUR FURNITURE MAKERS ARE AMONG THE MOST SKILLED AND PASSIONATE PEOPLE IN THE BUSINESS. AT OUR NORTH AMERICAN WORKSHOPS, THEY CRAFT ABOUT 75% OF OUR PRODUCTS, MANAGING THE PROJECT FROM FOREST TO FINISH.

Much of our wood furniture begins with logs we source from Appalachian forests. Our craftspeople select and mill most logs themselves, drying the wood in our own kilns. From there, they shape and assemble each piece, then sand, distress, and finish your furniture by hand.

In our upholstery workshops, your furniture is tailored by hand using fabrics and leathers that meet our stringent requirements for quality. Our artisans add the details you choose, from contrast welting to nailhead trim.

It takes time to craft something valuable—no fast furniture here—and for almost a century, the results have been worth the wait.

from cushion repair to DREAM VACATION HOME

When a client visited the Annapolis, Maryland, Design Center to have a seat cushion reupholstered, interior designer Jah Alexopulos dug deep to understand the client's style. **The client was so impressed that he asked her to assist with his vacation home on the Delaware coast!**

Jah Alexopulos
Interior Design Consultant
Annapolis, MD

The client's inspiration was a bold paint color he loved: a bright teal hue called Ebbtide that he wanted throughout the home. Challenged to balance out this bold color, **Jah focused on curating a mix of statement patterns and casual elements like our Harley chairs in gray leather.**

"A must-have in any space, for me, is pillows," she explains. "They're the key to making a room feel finished." **Using our extensive library of fabrics to create custom pillows, Jah complemented the teal walls with bright lime green pillows. She also introduced patterns, like seagulls in flight, to up the nautical vibe.**

Jah selected furniture with a modern feel, like our Harley chairs in leather. "That's one of my favorite pieces," she says. **"You can tailor it in leather, like we did here, or give it a totally different look in a patterned fabric."**

3D renderings

After impressing the client with moodboards and furniture selections, Jah utilized our 3D rendering software to give him a virtual tour of what the finished project would look like. **She even customized the lighting and the view from the large windows to give her presentation an even more lifelike feel.**

The result? One happy client—and a lifetime of vacation memories made. Our designers are here to look, listen, and turn your vision into a space you'll love. **Schedule a complimentary appointment to get started on your next project!**
