INSTANTLY SMITTEN

This living space says "wow" as clearly as it says "come in and stay a while." Our Chadwick sofa, tailored in Mont Blanc Slate leather, creates a "stop and admire" moment.

OPPOSITES ATTRACT

In this glamorous retreat, warm browns and creams meet icy blues—to fabulous effect. The Allesandra bed looks bold and beautiful with hand-tailored leather panels.

INTERIOR DESIGN BY ETHAN ALLEN

WHERE THE SKILL OF AN EXCEPTIONAL INTERIOR DESIGNER
MEETS THE CUSTOM CAPABILITIES OF ONE OF THE WORLD'S
MOST TRUSTED FURNITURE MAKERS.

There's no catch—Ethan Allen's interior designers come up with ideas for spaces, help clients place custom furniture orders, and make delivery day a dream come true. **From start to finish, this professional service is complimentary.**

It's for clients who are redoing existing spaces, making fresh starts, designing second homes, or investing in property. Our designers can start with a floor plan, a photo, or a visit to your home—whatever works for you.

Your Ethan Allen designer will help you select fabrics, leathers, and finishes; create custom window treatments, bedding, and more; and manage your project from idea to delivery day. One of the biggest wow moments will be the 3D walk-through they create of your new space.

Some clients know exactly what they want; others say "just make it fabulous." Either way, you'll be amazed by what your home can become in the hands of an Ethan Allen designer.

STATE YOUR DESIGN EMERGENCY

Ethan Allen is here to help

It's not every day that someone walks into your Design Center five minutes before closing and says, "Will you design my new house?" Even though he hadn't met the family or seen the home, **Ethan Allen designer Brian Nelson was up for the challenge.**

Brian Nelson
Interior Design Consultant
Chesterfield, MO

"When a client gives me a lot of creative freedom, I start with a presentation that reflects the way I'd want to live in their space," Brian explained. **He turned to some elements that had been inspiring him lately: a blue and gold floral fabric, and blue decorative accents.**

He also leaned into a combination of gray wood finishes with warm metal tones, a mix he called "not too traditional, but not cold modern." He designed every room down to the last detail, even to custom pillows and bedding, and custom drapery and window valances—and **when he presented his plans to the client and his wife, the result was a win. "They loved them!"**

Looking to make your home fabulous—but not sure where to begin? **Start with a design session at your local Design Center, via video chat, or in person at your home—an Ethan Allen designer's help is always complimentary.**

3D Floor Plan

When asked how he incorporates big architectural features, like the basement fireplace, into his designs, Brian has two words: celebrate them. **"It's going to be the lead singer in the room," he says, "so go ahead and build everything around it."**

MADE IN NORTH AMERICA

QUALITY. EXCEPTIONAL SERVICE. FURNITURE THAT'S
BUILT TO LAST. WE STILL MAKE ABOUT 75% OF OUR
PRODUCTS IN OUR NORTH AMERICAN WORKSHOPS.

MAIDEN, NC

SILAO, MEXICO

There's long-lasting value in a piece of furniture made by hand to a high standard of quality. **That's why we still mill many of our own logs, kiln-dry our wood, and craft most of our furniture ourselves.**

Years ago, we watched many furniture companies move their manufacturing overseas. We chose to stay close to home, where our company began, which helps us maintain high levels of service and safeguard the quality standards for which we're so well known. **It takes time to craft something valuable—no fast furniture here—and for almost a century, the results have been worth the wait.**
